Dear Commissioner Welsh:

Application is hereby made on behalf of **ASPECT RESOURCES, L.L.C.** for the calling of a public hearing, after thirty (30) days legal notice, to consider evidence relative to the issuance of Orders pertaining to the following matters in the **Marg Tex Zone, Reservoir E**, in the **Ellis Field**, Acadia Parish, Louisiana, to-wit:

1. To establish rules and regulations and create a single drilling and production unit for the exploration for and production of gas and condensate, such unit to be designated MT RE SUA;
2. To force pool and integrate all separately owned tracts, mineral leases and other property interests within the proposed unit, with each tract sharing in unit production on a surface acreage basis of participation;
3. To designate a unit well for the proposed unit;
4. To designate Noble Energy, Inc. as the unit operator for the proposed unit;

5. To provide that any future wells drilled to the Marg Tex Zone, Reservoir E, should be located in accordance with the spacing provisions of Statewide Order No. 29-E;
6. To provide that the Commissioner of Conservation should be authorized to reclassify the reservoir, by supplemental order without the necessity of a public hearing if the producing characteristics of the reservoir change and evidence to justify such reclassification is submitted to and accepted by the Commissioner of Conservation; and
7. To consider such other matters as may be appropriate and justified by the evidence presented at the hearing.

The Marg Tex Zone, Reservoir E, in the Ellis Field, Acadia Parish, Louisiana, is hereby defined as that gas and condensate bearing zone encountered between the depths of 10,708 feet and 11,052 feet, electrical log measurements, in the Forest Oil Corporation and Midwest Oil Corporation - B.M.
